

**Community Information Session
Environmental Cleanup of Mountain Lake
Wednesday, January 25, 2012, 6:30 to 8:30 p.m.
Golden Gate Club, Presidio of San Francisco**

The California Department of Toxic Substances Control (DTSC) and the Presidio Trust cordially invite you to a community information session on the environmental cleanup of Mountain Lake in the Presidio of San Francisco.

The Presidio Trust is preparing a Draft Feasibility Study/Remedial Action Plan (Draft FS/RAP) which presents the proposed remedial alternative: removal of contaminated sediment from the lake by dredging. DTSC is also preparing a California Environmental Quality Act (CEQA) Initial Study and related documents to evaluate the potential environmental impacts of the proposed alternative. DTSC expects to release the Draft FS/RAP and CEQA documents for public review and comment in early 2012. We are offering this community information session to provide you with information on the Draft FS/RAP, the CEQA documents, and the upcoming public comment period.

Over the last several years, the Presidio Trust has investigated sediment and water in Mountain Lake for potential contamination. Cleanup of the lake is necessary because sediment at the bottom of the lake contains contaminants of concern at concentrations that pose a potential risk to the environment. Removal of sediment from the lake by dredging would reduce the risk to a level that is protective of the environment. As part of the proposed remedial action, Caltrans would stabilize Park Presidio Boulevard and treat storm water runoff entering the lake.

This is an opportunity for you to learn about the lake, the contamination, the proposed remedial action, and the Presidio Trust's plans for future lake enhancement work. We will also discuss potential impacts of the cleanup on Mountain Lake Park and surrounding residential areas, including park closures, truck traffic, and visual and noise impacts.

Please join us for this community information session:

**Wednesday, January 25, 2012, 6:30 to 8:30 p.m.
Golden Gate Club
135 Fisher Loop, San Francisco, California, 94129**
